What is Nature Divination?

Guidelines

- Open heart
- Ask question
- Observe
- Acknowledge
- Interpret
- Act

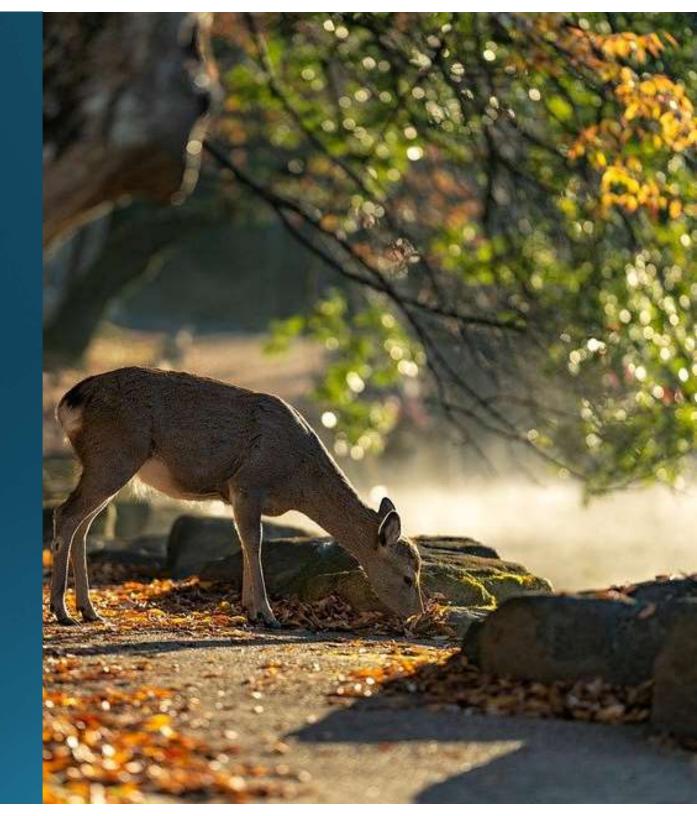

Key is Interpretation

- Spontaneous thoughts that may come to you
- Symbols or metaphors of the "encounter" – such as seeing an eagle
- What happened? –
 Such as the eagle soaring above you
- Directions such as the eagle going from left to right - moving from an idea (intuition/yin) to action (yang/masculine)

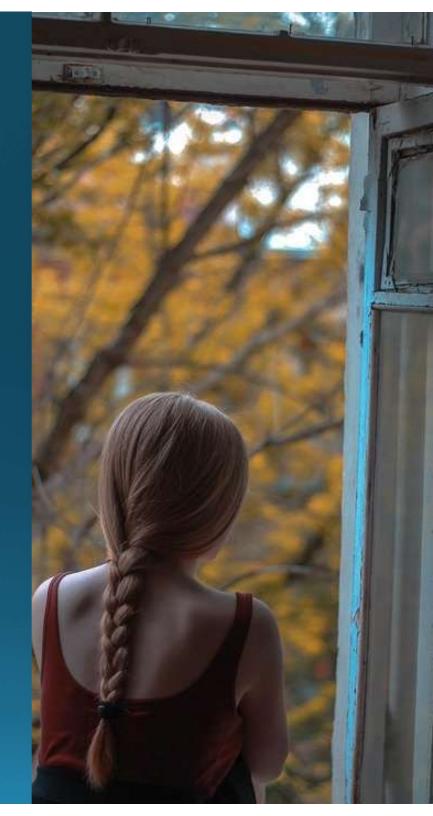

Confirmation

- Once you have an idea of the meaning, how does it FEEL within? Does it move you?
- If unsure, ask for confirmation and observe

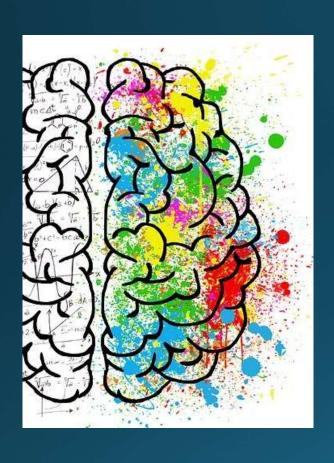

Everyday Life

- Even when you're not in "divination" mode
- Again, be aware
- Unusual encounters or occurrences
- What were you doing, thinking, saying?

Dealing with Doubt

- Opening the heart
- Not getting stuck in your head
- Acknowledging synchronicity is at play
- Everything is connected
- We are getting messages all the time
